From the Executive Director
CASA: Advocates for Children of New York State

**April is Prevent Child Abuse Month and we want to say THANK YOU
to our volunteers, board members, friends and donors.**

We want to say thank you on behalf of the many children that were served this year. Friends like you made a statement.

- You said that there are too many children in the court system that do not have someone who advocates for only them.
- You said that it is important to lessen the time children spend in foster care.
- You said that we need more CASA volunteers so that we can serve more children.
- You said that you believe that our work is worthwhile and should continue.

The vision of CASA: Advocates for Children of New York State is:

A safe and permanent home for every child.

We feel it is important to report to you on our work in 2010 because, without your support, we could not have succeeded in the following:

As of December there were 1,142 CASA volunteers in the state of New York.

Our programs held 159 In-Service Trainings for CASA volunteers.

We served 3,589 children across the state.

Penny Page
Executive Director
